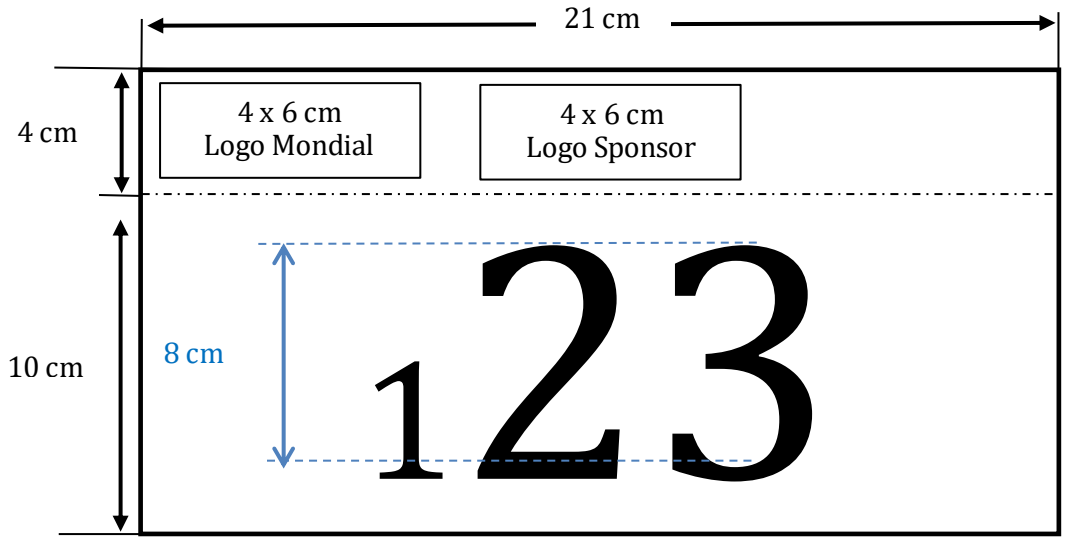
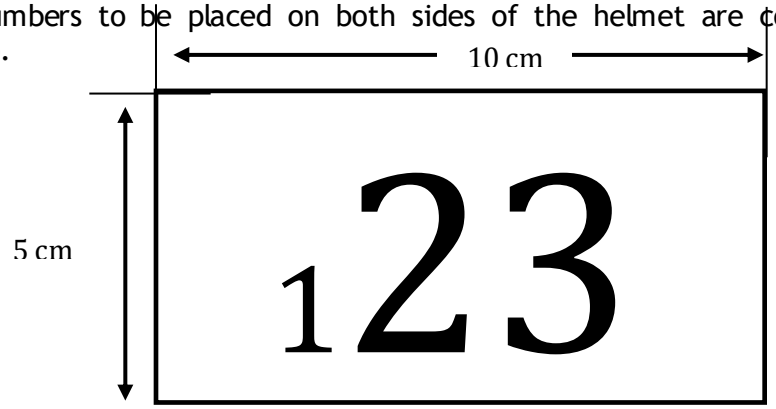
Delegate Signature
Firma del Delegado

1. The Federation must fill the STC official form before paying the fees. It will preregister race by race the name of the skater participating at the Speed Skating WC.
2. This preregistration can be modified by the Federation's delegate. Only preregistered skater can be changed, supplementary registration cannot be done. Modification must be done at the secretariat of the jury the day before the concerned race. The time limit to give this modification is within twenty (20) minutes of the end of races of the day. The modification must be done with the STC official folder. If no modification is done, preregistration will be considered as official inscription.
3. If the STC accepts late inscription during the World Championship, the skater is not allowed to race before the following day of his inscription.
4. When a skater registered is suspended, he cannot be replaced by a teammate.

Numbers
Skaters are identified by means of three (3) numbers. They are applied on both hips and on the back. If a fourth number is supplied, it is placed on the helmet. Numbers are to be clearly visible.



Two more numbers to be placed on both sides of the helmet are compulsory at the World Championship.



If different series of numbers are used during the World Championship,
